BRIVO ACCESS

Flexible options to fit your organization

ACCESS THE BEST TECHNOLOGY, TOOLS AND EXPERIENCE FOR YOUR FACILITY

Brivo Access is offered in three editions so you can select the right package to fit your needs

Standard

The gold-standard for access control

Our base edition includes the essential tools to secure facility access including event tracking, user and credential management, facility lockdown and video surveillance. The Standard edition provides a great entry-level solution with core functionality and add-on capabilities to augment the core package.

Professional

Most popular for more effective security

Our most popular edition empowers organizations with all of the core components of the Standard edition with additional features like trending analysis, extended data retention, occupancy tracking, visitor management, Brivo Snapshot and more to enhance security management across all facilities and locations.

Enterprise

Enterprise-grade and built to scale

Built for enterprises that manage many access points across multiple locations, this edition delivers a complete solution to scale quickly and simplify security across all facilities. Admins gain visibility across their facility footprint with Global View and proactively take action with insights from Data Explorer.

LET'S FIND THE EDITION THAT'S RIGHT FOR YOU

Brivo secures your facility and grows with your business to support any size, security need and data requirement.
