WHO WE ARE

BUILT IN FORT WORTH TRUSTED EVERYWHERE

Dividia Technologies is a commercial security integrator founded in 2002. We design, install, and support cloud-based security systems for businesses across Texas and beyond.

Our in-house team of account managers, field technicians, and support specialists move fast — because your security cannot wait.

OUR ORIGIN STORY

STARTED WITH ONE SCALED TO MANY

A restaurateur needed better visibility across locations. Dividia delivered a solution now managing 80+ sites — and that same commitment drives everything we do today.

WHO WE SERVE

- Healthcare
- K-12 & Higher Ed
- Churches
- Municipalities
- Warehouses
- Retail & Hospitality
- Real Estate
- Oil & Gas
- New Construction
- Multi-Family

WHAT WE OFFER

ONE PLATFORM TOTAL CONTROL

The right solution for every layer so the complexity stays on our side, not yours.

VIDEO SURVEILLANCE

Cloud-managed cameras with AI analytics and 30+ day retention

EAGLE EYE NETWORKS

ACCESS CONTROL

Cloud access fully integrated with Eagle Eye — mobile credentials, key card, and PIN from single doors to enterprise

brivo

INTERCOMS

Cloud video door stations — see, speak, and grant access from your phone

mydoorview

ALARMS

24/7 professional monitoring with real-time alerts

WHY DIVIDIA

THE DIVIDIA DIFFERENCE

- **We move fast**
  In-house sales, install, and support — no waiting on third parties or subs
- **Unified Platform**
  Eagle Eye, Brivo, and MyDoorView work together as one — live video, door access, and visitor intercoms under a single login
- **Cloud-first**
  Remote access, mobile control, and AI analytics built into every system we deploy
- **Proactive maintenance**
  Quarterly on-site visits keep your system performing — we do not wait for a call
- **Custom integrations**
  Our in-house developers connect your security to the tools you already use
- **Real relationships**
  A dedicated rep who knows your property — not a call center ticket
- **20+ years strong**
  Thousands of active installations across a wide range of commercial markets

WHAT OUR CLIENTS SAY

> "Dividia actually talked to me about a solution for my small business. Dividia Technologies is great! Let Dividia do it right!"
>
> Mark T. ★★★★★ Google Review

> "Dividia has been my security firm for many years. They are locally-owned and provide innovative solutions."

CAMERAS & DOORS ONE PLATFORM

Eagle Eye Networks · brivo · mydoorview

HOW THE INTEGRATION WORKS

Eagle Eye Surveillance + Brivo Access Control

See camera footage tied to access events — who badged in, when, and what the camera captured — one login, complete picture

EAGLE EYE SURVEILLANCE

LPR, threat detection, motion intelligence. 30+ day cloud retention. Lifetime hardware warranty and 6-year free hardware upgrade available through the Eagle Eye Complete rental program.

BRIVO ACCESS CONTROL

Mobile credentials, key cards, and PIN access managed in the cloud — schedule doors, manage users, review entry logs, fully integrated with Eagle Eye camera events.

EXPANDED ECOSYSTEM

100+ integrations extend your security into daily operations

- **License Plate Recognition**
  AI-powered vehicle monitoring for parking and gated entry
- **Visitor Management**
  Automated sign-in and temporary access credentials
- **POS Integration**
  Link transactions to video for loss prevention
- **Business Analytics**
  Occupancy tracking and operational insights

ALSO AVAILABLE

ALARM.COM + COPS MONITORING

24/7 alarm monitoring, commercial access control, and intercom solutions — professional central station monitoring by COPS with real-time response.
